Madan Singh & Associates cc, established in 1991 in Durban, is a consulting firm providing civil and structural engineering services and project management services. Our goal of delivering the highest quality design and engineering services available is closely related to our incorporation of state-of-the-art innovative technology in our design philosophy. Our goal is to provide high-quality, cost-effective design, and to meet required schedules and deadlines. We are proud to be part of the African Renaissance Road Upgrading Programme (ARRUP).

A Gokul who received the best result for Paved Roads assessments for the Department of Transport.

Mr Singh would like to single out one very important person, his wife, Nirvana Singh for her kind support at all times.

Madan Singh & Associates cc is recognised for their commitment to the Expanded Public Works Programme (EPWP). Many job opportunities and training operations have been carried out by Madan Singh & Associates cc.

THE above photo illustrates a combined experience in excess of 220 years. MKR Singh is greatly indebted to his previous employers, AA Loudon & Partners, viz. AL McQueen, CJ Shorten and MG Williams who sponsored him to University, as well as offered him a wealth of experience, hence making it possible for him to open his own consulting practice in 1991. Today, the wheels have turned and Madan Singh & Associates cc are able to offer his ex-employers employment to retain their depth of experience in engineering within the country. Lesson to be learnt - The secret to success is to receive blessings from the Elders.

MSA receive their ISO 9001:2000 certification from B Pillay Senior Auditor for SGS.

YC Dasoo Pr.Eng, ex-dean of the Faculty of Engineering ML Sultan Technikon presenting MRA Ghany with the Golden Key International Honour Society for Academic Excellence from the University of Pretoria. R Ghany has completed BSc Honours Degree in Civil Engineering (Transportation Eng).
